SUMMARY

Senior Frontend / Product Engineer with 7+ years of experience delivering end-to-end frontend solutions for web and mobile products. Currently founder and frontend consultant, previously 6 years at Hexad working on enterprise and consumer products for Volkswagen Group, VfL Wolfsburg, and Volta Trucks. Specialized in React, Next.js, TypeScript, and scalable frontend architecture, with strong focus on design-system-driven UI, performance, and maintainability. Comfortable translating product requirements into polished, production-ready interfaces through close collaboration with cross-functional teams.

PROFESSIONAL EXPERIENCE

GRAPHICS BY ÅSA - FOUNDER

Jun 2017 - Present

Senior Frontend Consultant

Jun 2025 – Present

Frontend consultancy focused on high-converting, SEO-optimized websites and design-driven web applications for startups and service businesses.

- Design and development of modern web platforms using **Next.js, React, TypeScript**
- Strong focus on **UX/UI, performance, accessibility, and conversion**
- Architecture of scalable frontend solutions using **headless CMS, Sanity**
- End-to-end delivery: concept, design, development, deployment, and optimization
- Close collaboration with clients to translate business goals into technical solutions

Tech: Next.js, React, TypeScript, Node.js, Tailwind CSS, Sanity, Figma

Graphic & Web Designer

Aug 2017 – Jul 2019

Freelance designer delivering branding, graphic design, and websites for small businesses and entrepreneurs.

- Branding, graphic design and marketing materials
- Web design and WordPress-based websites
- 3D and motion design for digital media

Tools: Photoshop, Illustrator, InDesign, Blender, WordPress, Premiere Pro, Sketch

HEXAD SL - FRONTEND DEVELOPER / UX ENGINEER

Jul 2019 - Jun 2025

Frontend developer working on long-term enterprise and consumer products for international clients. Contributed beyond pure development by supporting UX decisions, architecture, and team coordination.

- Developed **web and mobile applications** used by thousands of end users
- Worked across **React, React Native** and design systems
- Implemented complex user flows under **legal, accessibility, and brand constraints**
- Contributed to **design systems, component libraries, and frontend architecture**
- Collaborated with designers, backend teams, product owners, and stakeholders
- Supported onboarding and mentoring of junior developers
- Experience in **Agile environments** with Jira, CI/CD, and long-lived codebases

Key Clients: Volkswagen Group, VfL Wolfsburg, Volta Trucks
Tech: React, React Native, JavaScript, TypeScript, Redux, Next.js, Tailwind CSS, Jest, Git, Agile, Jira, Figma

GRANT THORNTON - JUNIOR FRONTEND DEVELOPER & UI/UX DESIGNER

Dec 2018 - Jun 2019

Frontend development of internal enterprise tools aligned with strict company regulations and legal requirements.

- Built internal React applications with **TypeScript**
- Designed UI/UX flows adapted to corporate processes
- Collaborated with internal stakeholders to ensure compliance and usability

Tech: React, TypeScript, Node.js, Docker, Agile, Adobe XD

SWEDISH-SPANISH CHAMBER OF COMMERCE - DIRECTOR

Apr 2014 - Jul 2017

Contracted to run and digitalize the Chamber's operations. Led digital transformation initiatives, Community management, Online marketing, Organization of international networking events, Public relations and international stakeholder coordination.

SELECTED PROJECTS

VOLKSWAGEN GROUP – VW Connect / We Connect, React & React Native

- Enterprise-scale applications connecting vehicles with customer services
- Strict adherence to brand design systems and legal requirements
- Long-term maintenance in a multi-team environment
- High-reliability user flows used across Europe

VFL WOLFSBURG – Official Mobile App, React Native

- Early-stage development and later long-term maintenance
- Built reusable UI components and navigation flows
- Stabilized and improved a mature production app with a large user base

VOLTA TRUCKS – Design System & Component Library, React

- Refactoring fragmented UI into a unified design system
- Improved scalability and maintainability
- Prepared frontend foundation for micro-frontend architecture

TECH BEACH MAMA – Educational & Content Platform, Next.js

- End-to-end design and development of a conversion-focused platform
- Performance-optimized, scalable frontend architecture
- UX/UI focused on trust, clarity, and audience growth

CG CONSULTING – WordPress to Next.js Migration, Next.js + Sanity CMS

- Full Full rebuild of a legacy WordPress site into a modern headless frontend
- Improved performance, SEO, and maintainability
- Production-ready client-facing platform
